Head of Metal Union Workers to Make Race for N. Y. Governorship.

NEW YORK, July 5.—Joseph D. Cannon of New York city, organizer of the Metal Workers' union, was nominated by acclamation for governor at the socialist unofficial state convention here today. He was the party's candidate for United States senator in 1916.

Jessie Wallace Huggan, a New York school teacher, was nominated for lieutenant governor.

Joseph Panken of New York, a municipal court judge, was nominated for United States senator after James O'Neil, associated editor of the New York Call, a socialist daily newspaper, had been nominated and declined to run.

Illinois Gubernatorial Candidate Gets Money Demand.

KANKAKEE, Ill., July 5.—Len Small of Kankakee, candidate for the republican nomination for governor, received a letter last Sunday threatening him and members of his family with death if \$40,000 was not left at a designated place last Friday night; members of his family revealed tonight.

### CROWD IS FIRED UPON

Attack on Deputy Marshal and Shooting at Crowd by Conductor Marks Fourth Day of Strike.

NEW ORLEANS, July 5.—An attack on a deputy marshal and the firing on a crowd, said to be strikers, by a conductor on a street car, marked the fourth day of the street car strike here.

The arrival of the police on motorcycles quieted the crowd, which dispersed. No one was hit by the shot.

There were no indications today of any settlement of the strike and at the same time there was no declaration, officially or otherwise, that the striking employees would refuse to work under the terms of Judge Foster's order issued late Saturday.

The resolution requested facilities for return of Larkin to Ireland and called upon the Dublin workers to cease their labors for two hours Monday for the purpose of signing a memorial to the United States government for his release.

### GREEKS CLOSE TO BRUSO

Turks Showing Little Inclination to Resist Enemy Advance.

CONSTANTINOPLE, July 5.—An unverified report here says that in their offensive against the Turkish nationalists, the Greeks are within three hours journey of Brusso, about 12 miles south of the Sea of Marmara. The officials at Brusso, it is stated, believe it impossible to defend the city as the allied navies in the Gulf of Demlik are within easy range with their big guns. The Turks are displaying no disposition to resist because of the threat of Vice Admiral de Robeck, commander of the allied fleet in the Dardanelles, to bombard the city in case of resistance.
